

Adobe Connect

Powering mission-critical web conferencing solutions across devices

Now more than ever, people need the ability to collaborate effectively with colleagues, partners, and customers—around the world, across devices, and through technical boundaries. More and more organizations, including large enterprises and government agencies, are using Adobe Connect to drive business-critical workflows for meetings, learning, and webinars. Adobe Connect delivers exceptionally rich interactions and enables organizations—from the U.S. Department of Defense to leading corporations, including Toshiba America—to fundamentally improve productivity.

With Adobe Connect, you can captivate your audience with rich, engaging, and interactive experiences and make them available to virtually anyone, anywhere, across devices, with just a click of a button. Adobe Connect allows invitees to easily attend your meetings from the desktop without requiring a client download, and offers complete mobile-to-mobile collaboration capabilities to address the realities of today's business environments, where employees and customers are on the move worldwide.

“Adobe Connect is the standard for web conferencing at the Federal Highway Administration.”
